Conquer Martial Arts is offering a three day, intense training camp. Student's will discover their strength's within martial arts. We will set goals for each individual, and reach them by day 3. Student's will increase their flexibility, speed, accuracy and intensity. This camp is designed to assist our student's in reaching new heights (literally). XMA is a specialty of Mr. Kitzerow's as well as Mr. Husain's, whom will be ready and willing to educate student's in this exciting sport. We will spend time at Conquer Martial Arts, as well as Ultimate Fusion Athletic/Gymnastic Center in order to get the results we desire for our students. Tackle this opportunity and CONQUER this summer right away. Be Ready... We are!
